One sophomore group camped and hiked in Acadia National Park on Mount Desert Island. Two other sophomore groups explored the Wild River Basin in the White Mountain National Forest.

Campers returned to campus Monday, Sept. 13. All other students arrived on Wednesday, Sept. 15, to begin classes on Thursday. Gould opened with a total enrollment of 182—15 freshmen, 36 sophomores, 83 juniors, and 68 seniors.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

Investigation is being made as to the possible purchase of a new bulldozer. We have viewed two machines which would satisfy our purpose but as yet no decision has been reached. There must be a determination made, after we find what the various prices of machines are, if we should purchase one of the size which will do all our work or if we should consider a smaller type which would do the light work and hire the heavy work done.

I believe the larger, more expensive machine, would over a long term be the best purchase, but the initial cost could be prohibitive. We must trade other equipment that is necessary in our operation. All of this equipment is very expensive, and our funds are limited. We must, at the same time, be careful not to find ourselves in a position where all our equipment has passed its useful life. The economics of maintaining these machines can outweigh the purchase price.

IMPORTANT

There will be an important meeting of the Bethel Athletic Boosters in the Lecture Room at Telstar Regional High School, at 7 p. m. this Thursday evening, Sept. 23.

PUT SOME JOY INTO YOUR LIFE

Are you new in town? Maybe your children are grown up or all in school. Do you retired men find time on your hands?

You are needed as a volunteer teacher's aid. Name your hours: even a half a day a week would be much appreciated.

Our teachers are dedicated, but some classrooms are very crowded. Every little bit of community interest means a better education for our children.

Think about it. Then call your local principal or call Peggy Crosbie at 824-2770. There is only one danger: You might get hooked on the kids; they're the best part!

SET FOR SATURDAY — Four members of the Telstar football team ready for Saturday action at Monmouth Academy are Wayne Cummings, Al York, Ron Deegan, and Peter Blake. The Rebels hope to extend their winning ways this weekend to 3-0 in Mountain Valley Conference action.

DISTRICT 44 BOARD HOLDS REGULAR SESSION AT TELSTAR

The S. A. D. 44 board of directors held a regular meeting on Monday evening of this week in the Lecture Hall at Telstar Regional High School.

In the citizens' portion of the meeting, Frank Hunt inquired if the district still owned the generator acquired for emergency use at Telstar; if so, had it been installed as yet. In response it was noted that the funds allocated for the installation had been diverted to a more pressing need. Later in the session, the board granted authorization to acquire necessary cables to utilize the equipment.

In commenting about environment and education, Mrs. Bronislawa Noyl noted that one of the initial steps in environmental improvement would be to improve the educational program. Mrs. Noyl explained that many times this would be less expensive than conventional means. She also had exhibits showing how "urban renewal" often destroys the environmental settings it purports to preserve.

The board approved the purchase of four vehicles from Mrs. Pearlline McMillin at a cost of \$10,500. The vehicles involved include: 1965 and 1963 Chevrolet, 1966 Dodge—all of passenger buses; and a 1971 10 passenger Chevrolet van Robert Davis of Newry, chairman of the transportation committee, reported that a contract had been signed with Bernard Powers of Newry to transport.

REBELS CLOBBER ANDIES 20-6 IN HOME OPENER

Coach Dick Collin's Telstar Rebels continued a surge that they hope will carry them to the Mountain Valley Conference championship by overwhelming visiting Livermore, 20-6, last Saturday afternoon.

Sophomore halfbacks Peter Blake and Wayne Cummings each ran for one touchdown while senior Dana Melville was on the receiving end of a Wayne Cummings TD pass to provide the locals with the bulk of the scoring.

The Rebels took the opening kick off and drove 60 yards to paydirt with Wayne Cummings scoring on a three yard plunge. Rex Cummings provided the point after to boost Telstar to a 7-0 first period lead.

Early in the third quarter the Rebels drove deep into enemy territory again when Peter Blake connected with Rex Cummings on a 47 yard pass play. Four plays later Blake hit over his left guard for six more points. Rex Cummings added the second of his extra point conversions.

The Rebels third tally came early in the fourth period when Wayne Cummings tossed a 24 yard TD strike to end Dana Melville. The conversion attempt failed.

Livermore's only score came late in the final period when 240 pound fullback Stan Lovewell broke several tackles and raced 55 yards for the losers only score. The extra point attempt failed.

Ron Deegan's two key interceptions along with the persistent hard play of interior linemen Donny Larson and Tim Rosenberg on both offense and defense provided impetus to the Telstar machine.

Also chasing for the winners were Al York, Frank Howard, Chris Gill, Randy Olson, and Dana Morgan.

Donated food will be distributed Thursday, Oct. 7, at the Bethel Fire Station. Recipients are asked to bring their own containers. Deliveries will be made to shut-ins only.

Parade Chairmen for Bethel's Anniversary celebration, sponsored by the Historical Society are: 1. to r. Frank Hollis and Leland Brown.

The October 3 parade will start on Cross Street at 2 p. m., continue up Main St. and circle Church and Railroad Streets.

Florets of historical significance as well as a large group of cars from the Maine Obsolete Auto League, Bands, period costumes, Oxford County Shrine Clowns, as well as many things of entertainment and interest will make up the parade.

TELSTAR SPORTS ACTION DURING COMING WEEK

The Rebel grid team will put their 2-0 Mountain Valley Conference record on the line this Saturday when they travel to Monmouth Academy for a 1:30 ball game. Although Monmouth possesses an 0-2 conference record the Rebels could be in for a tough battle. Last Saturday Monmouth's loss to defending state champion and "71 preseason favorite" Winslow came with less than three minutes to play as Monmouth dominated Winslow for most of the game.

The Rebel barriers will see action Friday when Kennett High School, Corvay, N. H., visits Telstar. Action will get underway at 4 p. m. in the athletic field. Hopes of the team have been boosted by the return of letterman Gary Howe who has been absent due to a foot injury.

The field hockey team will see action on Monday and Thursday when the girls travel to D. Riggs (Dixfield) and Lisbon, respectively for 7:30 contests.

The J. V. football team with a current record of 1-0 will meet head-on with the Monmouth Academy J. V.'s Monday at Telstar. Kick off time is slated to be 3:30 p. m.

HOMECOMING AND OUR 175th BIRTHDAY

One wonders what would be the reaction of any of Bethel's first settlers could any drop in to the events scheduled for Oct. 2 and 3. There was Jonathan Keyes, later removed to Rumford (New Pennacook), who as deeds recorded in the Cumberland Registry of Deeds indicate he had purchased 400 acres on the south side of the Amariocoggin (Androscoggin) in Sudbury Canada, then a part of the Commonwealth of Massachusetts in 1774. Subsequently this land was sold to Samuel Ingalls of Fryeburg in 1777.

Dr. Moses Mason said Mrs. Elizabeth Ingalls was the first white woman to come to Bethel—1778—but later removed to Bridgton and died there.

Joseph Twitchell built and operated the first sawmill here, at the foot of Mill Hill 1774-1779 marks the building of the first real frame dwelling. Elazer Twitchell moved here five years after his father and for years was the town's leading man. His wife was Martha, daughter of Moses Mason of Dublin, N. H. He first lived on the banks of the Androscoggin in Mayville, but was flooded out, and then cleared the land where the Norrman is and built there, a property later occupied by his wife's mother, the widow of Moses Mason and her sons, Moses Jr. and Aaron, while he built the first frame house on the Common, which he gave to the Town of Bethel. The year was 1777—one year after Bethel's incorporation (June 10, 1766) and the house was called "the Castle."

Benjamin Russell came from Fryeburg in 1777 with his wife and 15 year-old daughter, who later married Nathaniel Segar. Russell was accompanied by General Amos Hastings, and they came on snowshoes.—continued on page four

ON THE MOUNTAIN

GREENWOOD CITY

— Mrs. Colista Morgan, Corres. —

For two weeks I have been confined to my home as far as walking was concerned so I felt like a long tailed cat in a room full of rocking chairs. However, one evening I did meet with friends at Worthing Pond.

The journey over through the green woods was pleasant. The shadows lay in the valleys where the sun had begun to tip the purple hills. Here and there a tree stood like a flaming torch against the darkness of a rock or among the green.

We arrived at a lovely little cottage nestled on the shore against a superb landscape. A white fence nearby was topped with little ornaments to interest birds or just for interest to anyone passing.

The pond was like a gleaming silver platter at the end of a table, a vision of brilliance.

A few fish disturbed the mirror like surface and tiny ripples spread shoreward.

We stood a few steps from the road on a sandy beach at the edge of the pond, the water clear and fringed with other cottages. In the background rose the tips of distant mountains which now show the sharpness of the shadows. There's a difference in the way the light falls and in the blue of the sky, too, now that fall is here.

The clouds impressed me as being a lasting addition to the landscape. Some were drawn out in long fairy webs like carded wool forming and dissolving as if by magic. Some twisted into ringlets then drifted out into the thin azure or came together like wreaths of foam on a river. The cumulus and cirrus we readily recognized. As we watched, the sun shone on this vast expanse of cloudland; hill and dale, mountains and valley were responsive to its ways, steadily developing in beauty and individuality.

Once a very light breeze came fluttering down with its innumerable ripples of ripples while ever so slowly a boat in the soft glow floated along.

Tiny birds eating their picnic, too.

were near by and a flock of ducks, one in white and the others in dark dress swam in to greet us.

Not far away two wild asters lifted pale stars to the evening and the goldenrod because it is free picking was not admired.

Like an orchestra tuning for the overture, crickets and all other loudly vocal bugs took over the evening as we went inside.

The sun sank lower, little rills tinkled along the shore of the sleepy pond, dusk fell and evening dropped into darkness between one foot step and another.

Later when leaving for home we felt everywhere the note of unaffected contentment and happiness which only a gracious hostess can inspire.

NEED FOR FOSTER HOMES IN OXFORD COUNTY AREA

The Bureau of Social Welfare has a need for foster homes in the Oxford County area. It has been announced by Mrs. Betty Hurtubise of the Lewiston Regional Office of the Department of Health and Welfare. Mrs. Hurtubise, a specialist in foster home finding, said these homes are needed to provide care for pre-teen and teenage children and for children with special needs.

According to Mrs. Hurtubise, the children need foster parents who are mature persons, able to exercise good judgment; who are in good physical and mental health and capable of offering love, security and moral guidance to a child. Foster parents should be able and willing to accept the relationship of the child to his own parents and they need to be able to cooperate with the Bureau of Social Welfare which is the child's legal guardian.

Financial responsibility for children in its care rests with the Bureau. The standard board rate is \$45 a month. In addition to this the Bureau provides medical and dental costs and a clothing allowance for the child.

Persons who might like to be a foster parent to a child should contact an Intake Worker at the Bureau of Social Welfare, 179 Lisbon Street, Lewiston for more information. Phone collect: 783-9151.

COUNCIL COMMENTS

Last Friday, Sept. 17, we had an all school rally for our first home football game and Cross Country Meet. But this was no ordinary rally by any means. We had a switch in personnel: The girls (the field hockey team and cheerleaders) combined to make football and cross country teams, and the guys (the football and cross country teams) formed a wild bunch of hockey players and eight bow-legged cheerleaders. Both teams held hysterical scrimmages while being egged on by the cheerleaders with the sexy

Back row (left to right): Gail Packard, Nancy Scribner, Cindy Learned, Denise Berry, Becky Colby, Sheri Learned, Jean Manson, Dorene Tibbets, Coach Libby Couser.

legs. And to top the thing off, "music to run cross country by" was supplied by the one and only Telstar Regional High School Band.

As a result of all this, the turnout to the game and meet was stupendous. It also got the Junior Varsity on the move with a 3-0 win over Livermore.

COUNCIL COMMENTS

Last Friday, Sept. 17, we had an all school rally for our first home football game and Cross Country Meet. But this was no ordinary rally by any means. We had a switch in personnel: The girls (the field hockey team and cheerleaders) combined to make football and cross country teams, and the guys (the football and cross country teams) formed a wild bunch of hockey players and eight bow-legged cheerleaders. legs. And to top the thing off, "music to run cross country by" was supplied by the one and only Telstar Regional High School Band.

As a result of all this, the turnout to the game and meet was stupendous. It also got the Junior Varsity on the move with a 3-0 win over Livermore.

SCHOOL DIRECTORS MEET

continued from Page One
past pupils for the 1971-72 school year only.

In reporting for the building and grounds committee, Milton Mills of Woodstock, discussed the completion of the closed circuit television at Telstar, the loaning and seeding of the upper athletic field at Telstar, the new project at the Woodstock Elementary School and roofing jobs at Woodstock, Locke Mills and Crescent Park School in Bethel. Robert J. Gerardi, superintendent, reported on water damage at C. P. S. sustained during the roofing job. He advised the board that the contractor would not be paid until damage was compensated. Bernard Gossel, supervisor of buildings, grounds and transportation, stated that furniture owned by him stored in an unused portion of the Woodstock gymnasium, was there at his own risk, with no possibility of liability to the district.

The board approved the following staff nominations as presented by Eddie Snyder of Andover, chairman of the personnel committee: Mrs. Pauline Applin, cheerleader advisor; Mrs. Marilyn Thayer, yearbook advisor; Mrs. Helen Berry, drama coach; Mrs. Barbara Stevens, Mrs. Virginia Walker, assistant cooks; Telstar: Mrs. Arlene Bean, Mrs. Phyllis Blake, Mrs. Evelyn Morin, Mrs. Ruby Hathaway, bus drivers; James Browne, custodian; Mrs. Jacklyn Roberts, crossing guard, Ethel Bibeau School.

The board accepted resignations of Mrs. Louise Seames, Telstar principal's secretary, and Mrs. Beverly Melville, as secretary in the superintendent's office.

Mr. Gerardi reported that the total enrollment as of Sept. 17 was 1,478, an increase of 14 over June 1971. Of these 653 were at Telstar (grades 7 through 12); Andover, 131; Ethel Bibeau School, 183; Crescent Park, 211; Locke Mills, 52; Woodstock, 188.

The board granted approval for the following: Ronald Kendall Agency as the broker of record for voluntary student insurance, 1971-72 school year; allow use of room at Ethel Bibeau School by the Head Start program; acceptance of Herbert Foster as a post graduate student at Telstar; distribution of New Testaments by Gideons International to the district's fifth grades.

Dale Thurston of Bethel was named as the board's member on the Teach-Johnson Committee. Mrs. Margaret Croble and William Corbin, are to serve on the Educational Development Committee. Both of these committees are part of provisions

WEEK END COURSE AT WESTBROOK, SEPT. 25-26 FOR EMERGENCY PERSONNEL

A two-day week end course is being offered to ambulance rescuers, police and fire personnel on Sept. 25 and 26 at the New City Garage, Saco St., Westbrook, designed to increase their expertise in extrication and casualty handling.

According to Farnham Folsom, Health Mobilization Specialist, Maine Emergency Medical Services, "Some 20 to 25% of all automobile fatalities throughout the country might have been saved if they had received proper handling at the scene."

The course, financed by the Public Health Service, will be presented by the Maine Extrication and Casualty Handling Team. It will include demonstration and practical experience with extrication techniques; the proper handling of emergency vehicles; hydroplaning; and handling of electrical emergencies. This course is rated as one of the best by PHS and the Department of Transportation.

Interested personnel are requested to register in advance with the local coordinating agency, Westbrook Rescue, in Westbrook. Classes will start each day at 8 a. m. and will run to 4 p. m. Participants are urged to wear old clothes. There is no charge nor a registration fee.

incorporated in the agreement with the S. A. D. 44 Education Association.

Donald Stecher of Bethel discussed four points which he believed would result in economy within the district. These included formation of a curriculum study committee to ascertain whether the district's program was offering more than is necessary; study staff needs and reduce personnel where practical; reduce membership on the board of directors; seek an increase in productivity of all employees and roll back salaries of all certified personnel 5%.

The board authorized a part-time secretarial position in the superintendent's office (this action eliminates one full-time position). Also approved was a motion authorizing the superintendent to act as the board's spokesman during personnel negotiations.

The board approved the request of Telstar Principal Brian Flynn to explore the possibility of an adult season ticket for football and basketball contests.

Also granted board approval was a motion stating that harassment of teachers or students by other students will not be tolerated in any manner or form in S. A. D. 44.

All members of the board were present at the Monday session with the exception of Paul Wight, Newry. The next regular meeting of the board will be held Monday, Oct. 4, at the Andover Elementary School.

WHAT IS A
BONE CYST?

You may have heard of a person, usually a child, who suffered a broken bone for no apparent reason. It may have been a leg that gave way while running or an arm while throwing a ball. This can happen if there is an imperfection in the bone growth that eats away until the bone is so weakened that it breaks.

The recuperation period, in traction, then in a cast and finally with the possibility of an operation that uses bone chips to fill up the hole is long and usually uncomfortable for both the patient and the might prescribe to ease the discomfort over the recovery months.

Due to the increased number of prescriptions and in order to keep up good service, it would be to our mutual advantage, if you would please phone in re-fill prescriptions. — Thank you.
